**FISCAL ANALYSIS**

---

**ASSUMPTION**

Officials of the **Department of Revenue (DOR)** state this legislation, as worded, would exempt the sales of movie tickets from state and local sales tax. This bill would not have an administrative impact on DOR. DOR assumes the revenue impact is unknown.

Officials from the **Office of Administration - Budget and Planning (BAP)** state this proposal would exempt the admission to movie theaters from state and local sales tax. BAP prepared an estimate of money spent in Missouri on movie theater admissions, based on the Personal Consumption Expenditure series published by the U.S. Department of Commerce. BAP assumes Missouri represents 1.9% of the total which is Missouri's share of total personal income. BAP assumes 8.3% growth, the average of the last two years.

Since **Oversight** assumes the exemption will become effective on October 1, 2001, the fiscal year revenue losses for both state and local sales tax would be \$7.6 million in FY02, \$11 million in FY03 and \$11.9 million in FY04.

**This proposal would result in a decrease in Total State Revenues.**
