FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Revenue** assume this proposal would have no fiscal impact to their organization.

Officials from the **State Tax Commission**, the **City of Kansas City**, **Jackson County**, **St. Louis County**, the **City of St. Louis**, **Bi-State Development Agency**, and the **Kansas City Area Transportation Authority** did not respond to this proposal.

In response to a similar proposal, officials from the **Office of the State Auditor**, **Department of Transportation**, and the **Department of Economic Development, Division of Motor Carrier and Railway Safety**, assume no fiscal impact to their organizations.

In response to a similar proposal, officials from the **State Tax Commission** assume they are unable to estimate the fiscal impact to the Blind Pension Fund or to political subdivisions because they have no information on what areas have transportation districts, no idea of knowing how much personal property they currently hold, nor any way of estimating how many of these districts would opt in and to what extent.

Oversight assumes there would be an unknown fiscal impact to certain political subdivisions where property subject to this proposal is located. The state's Blind Pension Fund would also be impacted, by approximately one-half of one percent of the political subdivision impact. This proposal would also affect total state revenue by the amount of the Blind Pension Fund impact.

FISCAL IMPACT - Small Business

This proposal would have a fiscal impact on small businesses which lease equipment to the interstate compact agencies.

DESCRIPTION

This proposal would create a tax exemption for qualified transactions involving property leased or transferred by certain interstate compact agencies.

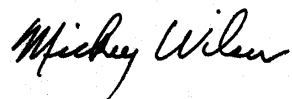

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
