Dear Friends,

There are many resources available to Missouri citizens through state and local agencies. However, in many cases, people fail to take advantage of these services because they are unfamiliar with existing organizations and the programs they offer.

I am pleased to provide you with this community services directory for your reference and convenience. This guide includes phone numbers, addresses and other pertinent information that you may find helpful.

If you don't find the information you need — or if you have a question about state government, legislation or the Missouri Legislature — please feel free to write or call. It's an honor and a privilege to serve as your voice in state government.

Sincerely,

Maria Chappelle-Nadal
State Senator
14th Senatorial District

STATE SENATOR MARIA CHAPPELLE-NADAL

These pages in my Community Services Directory contain information about bills I worked on in the General Assembly in 2011, as well as information about how your tax dollars are working for you.

Please feel free to contact me about legislative issues that are important to you. It is an honor and privilege to serve you and represent your interests in the Missouri Senate.

A Note from Maria:

The First Regular Session of the 96th General Assembly afforded me the opportunity to proudly represent the citizens who elected me to the Missouri Senate and serve as their voice in state government. It is an honor to represent the citizens of the 14th Senatorial District. The time between legislative session gives me the opportunity to head back to the district and the communities and neighborhoods that make up our area and share the Legislature's accomplishments, as well as prepare for the next session in Jefferson City.

As a member of the minority party, my goal is to work with members of the majority party, debate measures and ultimately pass legislation that best represents my constituents. While I formed new relationships with fellow senators in 2011, my goal for 2012 is to continue to work with my colleagues, whom I have enjoyed working with over the past year, and send vital bills past the legislative finish line where it will ultimately benefit the great citizens of Missouri.

“

I will continue to work with my fellow lawmakers to benefit the citizens of the 14th District as well as Missourians all across the Show-Me State.

”

Legislative Accomplishments for 2011

Lawmakers marked the 2011 legislative session with many accomplishments, including the passage of a \$23 billion state operating budget, helping to draw Missouri's congressional districts and passing several other meaningful pieces of legislation.

One of the bills that I handled in the Senate, House Bill 182, a measure that brings awareness to colon cancer, was passed and signed by the governor. The legislation establishes the first Friday in March as "Dress in Blue for Colon Cancer Awareness Day" to encourage Missourians

to wear blue and hold activities that increase awareness of colon cancer. Nationally, March is recognized as Colon Cancer Awareness Month.

Also, I stood behind a measure that allows citizens to show their support for the fight against breast cancer. An amendment to House Bill 430, an omnibus transportation bill, establishes a "Breast Cancer Awareness" license plate available to motorists in Missouri. Money collected from individuals who purchase the plate would go toward the cause to fight breast cancer.

Other Legislative Accomplishments

- Saved affirmative action preference policy for contracting in Missouri.
- Protected the affordability for and safe use of prescription drugs.
- Added language to House Bill 555 that would allow special parking signs for vans used for those with disabilities.
- Strengthened the local control bill by protecting health benefits for widows and dependent children of fallen officers; providing whistleblower protections for political interference in police business; giving officers a super majority on their pension board; limiting political activity for a police chief with penalties; maintaining education benefits and salary schedules for officers, etc. Although this bill did not pass, I plan to work on another version with the same provisions in 2012.
- Saved the State Commission on Special Health, Psychological and Social Needs of Minority Older Individuals Commission — the commission was facing repeal.
- Eliminated detrimental language contained in legislation, providing a financial benefit for the municipalities that I represent in the 14th District that participate in the St. Louis County Pool Tax.
- Fought to restore the Wine and Grape Tax Credit, which was on the chopping block in 2011.
- Saved funding for public radio by filibustering a measure that would do away with this valuable programming.
- Consistently stood up to speak on behalf of my citizens on the Senate floor and advocate our values.

✧ **NOTICE REQUIRED ON UTILITY CUTOFFS** ✧

During the winter heating season, Missouri gas and electric utilities regulated by the Missouri Public Service Commission must give customers at least ten days written notice before service may be disconnected and additional written or personal contact at least 96 hours prior to disconnection. Additionally, no disconnections may occur on any day in which the temperature is forecast to be below 30 degrees.

These rules, which are in effect between Nov. 1 and March 31, require also that customers whose service is about to be cut off be told that they might qualify for financial aid to help pay their utility bills. Elderly or handicapped customers who register with utilities in advance are given even greater protection by the new rules.

Customers can get more information on these regulations by calling:
